

Restaurants, pubs and infrastructure near the Biocentre

Dear symposium participant,

You will find a broad range of recommendable restaurants and pubs featuring typical Austrian, Mediterranean, Asian or international cuisine in the immediate vicinity of the symposium venue. The selection below also includes Viennese cafés, student pubs and cocktail bars. Take the time to enjoy breakfast, lunch or dinner at one of the following localities, or join your colleagues in winding down after a demanding symposium day and experience the famous Viennese, Austrian and international flair.

We can recommend the following Austrian dishes for the summer season. Well, we probably don't have to mention Wiener Schnitzel or that Vienna's famed hot dogs are variously called frankfurters or „Wiener Wuerstel“. But have you ever heard of Kaese Krainer? – a grilled or boiled wurst filled with steaming hot cheese. Try this specialty at one of the numerous hot dog stands, either in a bun or served sliced with fresh bread and a green chilli. We caution you against eating such a Kaese-Krainer or the local Leberkaese shortly before going to bed: they have been known to induce nightmares or even hallucinations in the uninitiated!

You should also definitely try the mildly alcoholic Viennese summer drink – the so-called „weissen“ or “roten G'spritzer“ (in Germany: Weiss- or Rotweinschorle). The ingredients: about 1/3 white or red wine topped off with soda- or mineral water. Very refreshing!

We wish you some fine summer days and an enjoyable symposium stay in Vienna.
